Europe's Turbine Manufacturers Doubling in Record Year for Wind

Vestas Wind Systems A/S, Gamesa Corp. Tecnologica SA and Nordex SE, Europe's three publicly traded wind-turbine makers, all doubled in value in 2015 after record industry installations for the year.

....

Nordex, Vestas and Gamesa posted the second, third and fourth-biggest gains on the WilderHill New Energy Global Innovation Index of 104 low-carbon energy companies, trailing only the German solar inverter manufacturer SMA Solar Technology AG.
